

# Nevenka Rajić

Professor

Faculty of Ecology and Environmental Protection  
Union – Nikola Tesla University  
Cara Dušana 62–64  
Belgrade, Serbia

e-mail: [nrajic@unionnikolatesla.edu.rs](mailto:nrajic@unionnikolatesla.edu.rs)  
<https://orcid.org/0000-0003-0761-0912>

## EDUCATION

2000.	PhD in Chemistry Faculty of Natural Sciences and Engineering University of Ljubljana, Ljubljana, Slovenia
1986.	MSc in Engineering, Inorganic Chemistry University of Belgrade, Faculty of Technology and Metallurgy Belgrade, Serbia
1983.	BSc in Technology University of Belgrade, Faculty of Technology and Metallurgy Belgrade, Serbia

## EMPLOYMENT HISTORY

2001	<b>Professor</b>	
1996	<b>Associate Professor</b>	University of Belgrade
1991	<b>Assistant Professor</b>	Faculty of Technology and Metallurgy Belgrade, Serbia
1984	<b>Teaching Assistant</b>	
2023	<b>Professor</b>	Union – Nikola Tesla University Faculty of Ecology and Environmental Protection

## MEMBERSHIPS

1995	International Zeolite Association
------	-----------------------------------

1995	Federation of Zeolite Associations
2015	Serbian Zeolite Association, Slovenian Zeolite Association

#### **RESEARCH PROJECTS**

- 2008–2011 Eureka project (E!4208): Natural zeolites in the water quality system. The principal investigator is from the Serbian side.
- 2011–2012 Bilateral (Croatia-Serbia) research project: Dual function of the natural clinoptilolite in waste water treatment: antibacterial activity and the support for biosorption. The principal investigator.
- 2012-2013 Bilateral (Slovenia-Serbia) research project: Upotreba alternativnih jeftinih materijala za poboljšanje vode za piće (2012-2013). The principal investigator.
- 2012-2014 Removal of ammonia from groundwater and softening of magnesium-rich raw water using natural zeolite", Innovation project of the Serbian Ministry of Science and Technology (451-03-00605/2012-16/143). The principal investigator.
- 2011-2014 The use of natural zeolite (clinoptilolite) for treatment of farm slurry and as a fertilizer carrier", The Norwegian Programme in Higher Education, Research and Development in the Western Balkans 2011-2014. The Agriculture Sector (HERD/Agriculture). The principal investigator is from the Serbian side.
- 2019-2023 Horizon 2020: NOWELTIES "Joint PhD Laboratory for New Materials and Inventive Water Treatment Technologies. Harnessing resources effectively through innovation" (ID: 81288). Participant and supervisor.
